## BAR REVIEW COURSE vs. THE TUTORIAL PROGRAM?

It is no secret that the California Bar Exam has become increasingly difficult to pass. For many candidates, the two-month bar review format is no longer sufficient. The BarPassers Tutorial Program offers candidates a long-term approach – up to 6 months prior to each exam - with unlimited one-on-one and small group interaction, personal guidance and extensive skills training, exam simulation, unlimited grading and feedback.

## TUTORIAL PROGRAM MATERIALS

Each Tutorial Program enrollee receives a full set of materials, covering substantive law, exam writing approaches, performance test skills and multistate techniques – all written by our California Bar Exam experts and integrated to improve learning and retention. ## **TUTORIAL PROGRAM INSTRUCTION**

### **SUBSTANTIVE REVIEW/ESSAY WRITING WORKSHOPS**

The Tutorial Program prepares candidates for all 3 parts of the California Bar Exam. At the heart of the program are our interactive, 8-hour essay writing workshops. One workshop is devoted to each subject tested on the exam. Students prepare for each workshop by listening to our substantive lectures and simulating past bar exam essay questions for discussion in the live, interactive small group sessions.

### **PERFORMANCE TEST PREPARATION**

Tutorial students review the BarPassers Performance Test Workshop series from our Bar Review Course in order to learn our specially designed attack plans and to simulate the performance test. A special Performance Test Intensive session is also included in the Tutorial Program so that students have an opportunity to practice additional exams in-class and interact with professors to identify and correct performance test problem areas.

### **MULTISTATE BAR EXAM (MBE)**

The Tutorial Program also features our specially designed Multiple Choice Techniques Review, a multi-session skills workshop focusing on the multiple choice section of the bar exam. It is an essential portion of the program, helping students to identify the testable areas of law, common pitfalls and specific problem areas within each subject on the MBE.

### **EXAM SIMULATION, GRADING & EVALUATION**

Practice is a key element of the Tutorial Program. Students follow the rigorously paced Tutorial Testing Program, a series of in-class and at-home practice sessions wherein nearly 100 exams are reviewed in class or assigned for grading and individual evaluation. There are more than 180 past bar exam essay and performance test questions with model answers and over 4200 MBE questions available for practice. In addition, students may attend all or any part of the 3-Day Simulated Bar Exam offered in our general Bar Review Course.

### **ONE-ON-ONE INTERACTION**

Individual periodic conferences with Tutorial Program professors or the grading coordinator may be arranged as often as needed to address individual needs, including problems with substantive law, essay writing approach and technique, performance test technique and problem areas with the MBE.

## **TESTIMONIALS FROM OUR STUDENTS\***

Bar Passers Tutorial, advertises that if you need to PASS the Bar the FIRST time, then you should utilize their services. In my experience they could not have been more right! I passed the Bar the first time and I did so with the help of Bob Hull, a professor that works for the group. The tutorial is a little more expensive then most other Bar review courses but if you enroll, do exactly as suggested (to the best of your ability) and try and write your answers to mimic the model answers you can pass as well. It worked for me and I had a tough time in law school. Thanks to the tutorial I never have to go through the grueling experience of the Bar exam again!

BarPassers Tutorial Program was instrumental in my passing the bar on the first attempt. BarPassers made available the substantive lectures and workshops on pre-loaded I-Pods months prior to [in-class] meetings so that I was able to get all of the black-letter law out of the way early. This allowed me to focus my energy later on improving my MBE scores, Essay scores and Performance scores. In addition to all of this, the Tutorial Program allowed me access to my own tutor months prior to the bar exam. My tutor, Bob Hull, spent as much time with me as I asked of him to create a bar prep program individually tailored to my situation. I could not have asked for more! The main thing I tell my friends is that if you want to pass the first time, do it right the first time by taking the BarPassers Tutorial Program.
